

Sharon Tippetts Killpack

June 16, 1952 ~ January 16, 2025

Sharon was one of the kindest, most loving people I ever met. We go way back to the early 80’s when we worked at Rockwell International together. We kept in touch all these years. She will surely be missed. I will especially mill all the phone conversations we had lately. Live you Sharon!❤■

- Donna Johanos

Sharon you were such a good freind when I really needed friends. Even though it’s been many years you’ve remained in my heart. Thank you for being there.
