

Elizabeth Crane Bailey

March 19, 1922 ~ October 14, 2025

Dear Bob, Dave and Susan and the rest of the family. Sending you my sincere condolences for the loss of your mom. She was an amazing woman and it’s apparent by the children She raised. Dave and Bob have been such good friends and neighbors for many years while I lived in Millcreek. I wish Mike and I could be there to show our love and support for your families. Sincerely, Mike and Susan Hubley

- Susan Laney-Hubley

My condolences to the entire family! What a life she lived! I truly admired Mrs Bailey and all of the work, love and care that she had for family, community and her church! It was astonishing to me how her mind was able to remember and relate so many experiences throughout her 103 years! Truly, an amazing, sweet and generous lady that will be remembered by many■■

I just learned of Betty's transition today, the day of her funeral. I want to celebrate my remembrance of her as living right across the fence from her and her family in my childhood years. She was always kind to me, my mother, and my sisters. Her dignity and calm leadership I recall as I played with her children in the back yard of her home, adjacent to our house. I looked forward to sharing snacks with her family. She was kind to me as I confessed to throwing a rock into the air while playing in the wooded area we referred to as the "Oaks"; it landed on Mary, bloodying her head. Betty's kind eyes took it seriously but I felt her love and support for me and Mary. I thank her for that. I am happy she lived a long life. My condolences to her family and friends.
