I took sewing from Elizabeth and i enjoyed having Elizabeth as a great friend. She will be missed very much in her Community. I learned so much from Elizabeth. Fondly Colleen

We just love Betsy — and we love Van. Although we will miss her, we can rejoice in her life and escape from pain.

Betsy and Van are our wonderful neighbors. Betsy was an accomplished seamstress and we have received many useful pieces that she has sewn. She also played the organ beautifully. They have been so generous and have given us many tasty treats over the years. They have been such an example of great parents and grandparents to their large family. We will miss Betsy and her beautiful smile and warm personality. Much love until we meet again. ■■ Eddie and Jan Hansen

I am so sad this morning to hear of my friend Betsy’s passing! I have special memories of her when she was my neighbor years ago! I’m sure she is happy to meet with loved ones in heaven but she leaves a hole for family left behind! May Heavenly Father give them peace and comfort, especially Van, her beloved husband!

I was a visiting teaching companion with Betsy for many years. I learned compassion from her loving acts to the sisters we visited. She frequently shared her sewing talents and I loved the gifts she sewed for me for Christmas. I will remember her strength as she endured her health challenges. She never wavered in her love for the Savior. The times I was able to serve Betsy felt more like she was healing my soul. I will ever cherish the times I spent with

her.
