This is too sad. I have admired and loved Amie a very long time.

I met Amie at Huntsman in the infusion center. She was truly an amazing person. She gave me hope for my spouse. She motivated me to be a better person. She was my friend. She spoke with such pride of her children. Celebrating the life of an amazing person and mourning her loss with you.

Avery, Court, and Paige, I have loved you since you were my Sunbeams and your Mom is one of my heroes! I am so sad she has left us for a time. You are all so amazing and I hope you will feel comfort and peace as you live your lives in the way your Mom taught you. She is always in your hearts and cheering you on from Paradise. Your Savior loves you so much and will help get you through this difficult time. I am glad we had her as long as we did. She's the best Mom you could have asked for. Love and big hugs, Carie Woodbury

Court, Avery and Paige, I cherished your mother. She was a loving and inclusive person, bringing warmth and her contagious laugh to every situation. Especially fond memories include her time as cheer squad- half time entertainment leader at Court and Henry's basketball games. She organized the team lip sync, with accompanying boom box, to a Michael Jackson song. She brought the group together in my driveway on Mother's Day after Henry's accident- you were there by her side, making the world a better place. You will carry on this legacy because her love will continue through you. Arms around you❤■

I have loved your mom as a dear friend my whole life. She was the first friend I made moving to the Cove as an 8 year old and has been embedded in my life ever since. From sleepovers to roommates at Oakcrest and Mill Hollow, trips to Lake Powell, double dates and more… Amie was an outstanding human who has left this world a better place than she found it. I am heartbroken ■ but know we will see each other again. Each of you are in my prayers and I hope you can find peace at this time. Your mom was an amazing woman!!!

We are saddened by this news, although we take comfort knowing that she lived a fantastic life full of service and smiles. She clearly excelled in a wide range of activities (mother, doctor, classmate - Skyline '91, and a follower of the Savior, to name a few), and she will be missed here, but without question was welcomed beyond the veil with the words: "well done, thou good and faithful servant." 'Till we meet again, Amie. God speed. -Jamie and Heather Abbott

Amie was an inspiration. She had a warmth that instantly made you feel like you were best friends. Her love for life and her excellence will live on in her children and those who knew her. Sending love and prayers to her beautiful family.

My heart is broken, but grateful to know Amie is free from her suffering, and that we'll all be together again, eventually. Amie was probably the most genuine friend I had in high school, truly a joy to be with. She made everyone want to be better, and treat others more kindly. She was so fun. I believe she got to work at St. Mark's with my dad for a bit...she knew him when we became friends in high school, and they had the same hilarious demeanor and were both so loved by their patients. Hopefully they'll find each other up there and crack some jokes together. Prayers for Amie's family, the separation will surely be difficult. Much love to you all.

Dearest Amie, You've shown incredible strength, courage and love for others during your illness! Your love for your children is so evident. Your fight, your love, and the life you've built will continue to inspire them every day. Please know that they will always carry a piece of you with them in their hearts, and the love you've shared will guide them as they grow. Thank you for being such a great example to me of what a strong woman should be! Your acts of kindness to our family will always be remembered! We love you and we will keep your beautiful family in our prayers!! XO

Amie was an inspiration! As one of the young women she served, I watched her prioritize and plan elaborate activities because she wanted us to have fun. We didn't know how much she was balancing at home and work because she was always present. Our relationship lasted way beyond my time in young women's as I truly grew to understand what an amazing woman she was. Amie you are so loved, I will continue cheering on our North Carolina teams in your honor! Xox

Today's services were beautiful, poignant, and inspiring. Amie is truly an extraordinary soul. It has been a great privilege of my life to know her. As I've envisioned Amie's reunion with her parents, I'm utterly convinced that it was filled with joy and laughter—lots of laughter! Amie fought the good fight. She finished the course. She kept the faith. She passed every test, and hazard, and peril with dignity, strength, kindness, and love. And while it is true that I am "trying to be like Jesus," it is no less true that it would be a high honor to even approach being like Amie.
