I am so, so sorry for your loss. I did not know Amy well. In fact, I only met her during 3 brief math inservices. But, she had such a positive impact on me and my students. She was an amazing teacher of kids and adults. Her legacy will live on.

Dear loved ones of Amy- Words are never enough in times when inexplicable grief pierces our hearts. All I can say is that Amy was truly a wonderful person, truly made an impact that will not be forgotten. She was genuine, and kindhearted and she bloomed her good natured ways and I had the opportunity to see her in action. She made a difference. She will be incredibly missed. Fly high Amy. Sending you all love and light.

To the loved ones of Amy, I'm truly sorry for your loss, you are in my thoughts and prayers at this time. I called Amy, Mrs. Allen. She was my 6th grade teacher. She was absolutely amazing!! I loved her!! I'm now an adult and it has been 5 years since my High School graduation and yet I still remember when she threw us a pizza party, sprayed her hair pink for Halloween, she would give us extra recess time at the end of the day occasionally and even though we weren't the little kids if we still said," Hey Mrs. Allen, watch this!" She would immediately look over and watch and cheer for us. Basically what I'm trying to say is she was an extraordinary teacher! When I got to 8th grade I immediately chose her to be the one I would job shadow and that was the best day ever!! I'm so grateful for Mrs. Allen and how great she was at teaching and how kind she was. She is such an amazing human being! I hope you know how grateful I am for your loved one! She made a big difference in my life! I hope that you all will be able to feel peace and comfort. Sending so much love and care your way!
