Frank. I am sorry to hear of Teddy's passing but really I am so very happy for her graduation on to greater things. She was not a spirit to be bound down by age. I loved her sense of life but also her kindness whenever she was with you. I was her visiting teacher during the last few years of her mothers life and I learned much from her example, not knowing my own mother would soon be in need of care. Jeff and I are still serving in Ecuador on a medical mission but we are so glad the news made it all the way down here. We loved reading Teddy's obituary and wanted to send our love and best wishes to you for all your kindnesses to us over the years. Jeff and Victoria

Dearest Todd and family, We are so sorry for your loss. You are never ready to lose a Mother regardless of age. We cherished our time in Utah and the Ashley Park Ward. You were the dearest family and we have enjoyed following you and your family on Facebook. We never knew your Mom, but have no doubt what a wonderful woman she was. Because you are and amazing man that any Mom would be proud of. Love and Blessings, The Sasse's

Dear Frank & family, I am so very sorry to hear about the passing of Teddy. I am sorry that she had to suffer as much as she did before returning home. I am grateful that she no longer has to go through all that she did. Her strength to face all that she did was amazing. Teddy was such a fun lady & I enjoyed the few trips I was invited on several years ago to go to places in California where I got to purchase items that I never would have found in Utah. I was exposed to cooking that I would not have learned about if I had not been involved in a few occasions where parties were held in her backyard. She had a great sense of humor. She was a fashion statement. Her decorating abilities were well known. I hope that each of you will feel of the peace that our Heavenly Father blesses those who mourn the loss of someone they truly love. Sending you my most sincere & best wishes during this period of time in your lives. Love, JoAnn Stokes

Frank, Today Jim and I have hearts our of gratitude for the blessing of having both of you in our lives. As Teddy leaves us we are so aware of the bright light she was in our time in Draper. I always have said “I want to be just like her when I grow up!” And that’s not an idle comment as she remains a frequent voice in my head as my life moves forward. We pray our Heavenly Father’s choicest blessings of peace will be with you and your children in the coming days. We love you, Jim and Char Christensen
