Rachael I’m so sorry… I have always thought that words are nothing when losing a dear child…. I hope you have the strength to continue forward…. I’m not a religious person anymore but I profoundly believe in God… with him it’s possible to continue and I also believe that our love ones will always be our love ones and in an another space. realms… universes Whatever place we will meet with them again when time it is no longer time…. Hold on until then.. I love you and I wish whenever he is… he is safe and loved ❤■

My condolences to Erix's family. It is awful losing someone, especially so young and out of the blue. If there is anything I can do to help i will. I did not know my cousin well, i hope to help the pain with time that this loss has created. Love ya'll! Family forever!

I'm so full of sorrow over the passing of Eryx. He was a sensitive, helpful and loving person who liked to make others happy. I will always remember his curious nature and how he wanted to know how everything worked. I will miss him and will mourn for him, along with his other family members.
