

Anita Louise Morgan

October 27, 1947 ~ October 3, 2022

Some of my best childhood memories include Anita. She gave me my first job at Sophie Garcia's which gave me a healthy respect for servers. She also taught me how to play the dice game. I will always remember sliding down the hill in her backyard as a shortcut getting home from elementary school. So sorry for your loss Ryan, Dustin, and Liz. Sending you thoughts of peace.

- Gretchen Young

Guys, I'm heartbroken for you all. I love Anita, she is an amazing woman. She made us laugh for days and always gave Gadd sass. So many memories. She had - has - a huge heart. She always supported Nikki and was so kind to my girls. She will be missed. My prayers are with you guys at this time. Miss and love you brother. Andrew

- Ryan, Melissa and family
