I am soooo sorry and so sad to hear about this. Today is April 26, and we just heard about it this morning. The world has lost a wonderful woman. Jim and I and our kids all just loved Coleen. She was just such a joyful, fun loving little lady. Jim and I had the best time traveling in Australia and New Zealand with her. She treated Jack so well. She was kind to him, took good care of him and most importantly…she loved him. It was always fun to see her when she would come to some of our grandkids weddings etc.. It was so sweet that she made the effort to go and that you kids helped fulfill her desire to come to those events. It meant a lot to us. We are sad for your loss. You had a wonderful mother. She will truly be missed.
