I’m sorry to hear that Tommy passed away . I had so many fun times hanging out with Tommy and the boys playing hacky sack listening to music and tons of laughs . Tommy killed a fly and brought it back to life once and I do t think I’ve ever laughed so hard . I’m so greatful to have the memories . Tommy was a great guy and he will be missed . Sending my condolences to family and friends .

In my whole life I never worked with anyone funnier than Tommy (Bud Light) Barman. He made me laugh every single day for years at The Bird. I’ll miss you, my friend.
