This is to two dear friends. Fernand and Anne Caumet, who dies a couple months apart. I was fortunate to be there home teacher for a few years and friends for longer. Fernand and Anne were the dearest and kindest people and the world will miss them greatly. I would visit them as often as I could just to hear Fernands incredible stories throughout his life. I always told him he could have written a book. I loved Anne because she knew more English than I knew French and somehow we still managed to understand each other and laugh and joke and we ended up having so many great visits together. I miss them dearly and my condolences to their family and close friends. I remember speaking one time to their daughter in Ireland (I do not know if she remembers that and I also got to hear the many incredible spiritual stories of his service to his church that took him around the world. I was fortunate to give several special priesthood blessings to Fernand in the LDS and IHC hospital when he was not doing so well. I did the same for Anne and it was my pleasure and a true blessing for me. Fernand and Anne. I could go on and on but please know how much I love you and I know how much you loved your family. I remember hearing stories about Jacque in Tahiti and what a wonderful son he was as were all their kids. They told me great stories about all their children and extended family. A special thank you to Paulette who was always a dear friend to Anne whom I was able to meet several times. She was a great help to these two amazing people. You will be missed, thank you for your service to France to many countries throughout the world as well as the church. Love and miss you both.

Je suis très triste d'apprendre seulement ce mois de Mars le décès de Fernand Caumet. J'étais militaire à Tahiti et c'est à Tahiti que je me suis fait baptiser dans l'Eglise de JC des Saints des Derniers Jours. J'ai fait partie de sa paroisse de Tipaerui en tant que tout jeune membre. Frère Caumet m'a conféré la Prétrise de Melchizedeck en 1974. Fernand Caumet a surtout fait de grandes choses pour l'Eglise avec un investissement sans faille, il est un exemple J'ai eu le plaisir de l'appeler il y a environ trois ans, c'est un très bon souvenir, je suis content de l'avoir fait. Toutes mes condoléances pour votre famille.
