
Tiffanie Anne (Carter) Bambrough

November 7, 1970 ~ January 29, 2024

Tiffanie and I worked together and became close over the years. She was a part of my social circle and was a good friend. While we eventually drifted apart, due to proximity, other, relationships, etc., she was still someone we cared about, and her passing was a shock to me, my wife, and our mutual friends. She always spoke highly of her family, especially her dad, her brother, and her nieces and nephews. I know she will be missed. Condolences.

I was so sad to hear about Tiffanie's passing. I knew her through friends and work at Intermountain. She was always so happy, had an infectious smile and was fun to be around. She is gone too early and I'll miss her. Peace.
