

Marlene Olsen Felix

March 29, 1934 ~ September 5, 2022

Marlene still has several cousins and second and third cousins from her mother's family. We visited with her whenever possible to keep her connections with this part of her family. We last saw her in June and enjoyed sharing memories as we have before about her growing up and the times we all spent together. We were happy that she had such a large supportive family with Clarence. We will remember her and the times we spent together.
