I'm so sorry to hear that once passed away. He was such a good man! I still wanted to hang out with more. I really missed hanging out with someone. Then I had to move to Kansas City and didn't get to see him anymore. I love you guys miss you guys Monty

Love you big Uncle. Always have, always will. Grateful for the time I've been able to reconnect in the last few years. Some holes can't be filled anywhere else. Your family has lost a wonderful human. Love you
