I send my love to Barb and the family. Prayers for your mom and all of you. Louise was a really nice lady. All I can think about was Barb calling her Weezer. Cherish all the memories.

It is not the same to watch service on line. Wished I could have been there., I would have liked to have seen the tribute pictures but beautiful music. You had a wonderful mom and were so blessed. Hope you all feel comfort and peace with fond memories in your heart.
