

Anne Marie Reynolds Bonham

Aug. 30, 1929 ~ Jan. 4, 2021

Although I didn't see Anne often it was always pleasant to visit with her. I remember her and Stan fondly and I'm sorry to hear of her death. She was a real joy for the Bonham family.

Ann's joy for life and adventure were contagious! What a wonderful legacy of love she leaves her family and all of us lucky enough to be friends with the Bonham Bunch. Love and light to all of you as you continue to spread your Mom's love and enthusiasm.

Mom Bonham was such an amazing person, mother, mother-in-law, grandmother, and great great grandmother, as well as my friend. I remember her telling me a story about her mother-in-law and how important her daughters in laws were to her. She gave me the idea to always put my daughters in laws first, on envelopes, emails and texts. I will always be grateful to her for that and for the example she was to me. My life is better for having known her. She will be joyously welcomed back by so many to her heavenly home.
