I was shocked and deeply saddened to hear of Annette's passing. She brought so much joy and laughter to those who knew her. She had a beautiful, kind, and generous spirit. It's Annette I think of when I hear the song "When Irish eyes are smiling." I will miss her greatly. Sending my thoughts and prayers to her family and all those who cherished Annette for the love and care she put into everything she did.

So sorry for your dear Annette passing. Sweet and fun memories are mine as she was one of my young women leaders! Her smile was contagious! It is hard to have someone like this depart. Be assured she has not forgotten you, each of you are what brought her so much happiness. Probably she is or will be thinking up how to have things just right for her family. It is also a blessing to remember her dear parents. Grateful to the Savior, Jesus Christ that makes good things happen. Just keep on, and try to pass along the things she was gifted at.

I will always remember her as a close friend and roommate in college. Her kindness and great smile will always be remembered.

Anthony and family, my heart goes out to you. It is so hard to have to say goodbye for now. Annette was a wonderful friend and always so kind and thoughtful. I remember one time I went to a stake function and was feeling awkward and alone and Annette invited me over to sit at the table she was at and included me and made me feel welcome. May you find as time goes on the peace of our Savior's loving arms around you as you face the difficult months ahead. Seek his comfort to make it through this time. Annette is not far away.

This is truly sad that Annette passed so quickly. Your family has always had a special part our lives. Whenever our kids needed a place to go for fun and laughter, it was over to the Daw's. Really fine children are a reflection of really good parents. They don't come finer than Katie and Bruce. Anthony and Annette have so much to be proud of in living a well-lived life. I know health was always an issue with Annette. She always wanted to do more but wasn't able. She lived as well as she could and with such grace. No excuses, she served, taught, loved despite the challenges. She is now free. She will be missed. - St. Andre's Sephra mentioned that it was Annette that was the first person to greet her and welcome her into the ward and neighborhood when she moved in with us years ago. Annette made her feel welcomed and Seph sends her thanks for that simple, but memorable act of kindness. - Sephra Minner
