

Annie May LaForce Robey Wright

February 12, 1933 ~ October 3, 2024

We were so sorry to hear of Annie’s passing. She and Ed have always been kind and gracious to our family and we have missed seeing them lately. Since we have mutual grandchildren there have been times of happiness and sorrow. I know we, and especially the grandchildren, will really miss her.

Annie was such an important part of my life. She was always so kind. After Doug's passing she was reminded every time I came home from college that he wasn't, but she still greeted me so happily, even though there were tears in her eyes. I know I reminded her of the time before that loss, but it never stopped her love and support.

I am sorry for your loss. She was a great person and I enjoyed talking with her as a youth when she was in the St. Joseph, MO LDS ward. Her and your Dad were always so wonderful together and had such great senses of humor. My prayers are with you all at this difficult time, but I know there is comfort in knowing your father was waiting at her bedside for her to join him.

I have wonderful and fond memories of Ann, I truly believe if everyone would take a small piece of her character and applied it to our daily lives the world would be much better

Always felt love from this choice daughter of God. She taught me so much about love and how to jump in and take care of business. We loved having her stay in our home when she came to Kansas City. I always think of her coming down Briarcliff Road horn going so we could quickly get in the car to go to Primary. And her laugh, I will never forget.

There is not enough words that can express the love we have for aunt Annie, she was so compassionate, always giving advice and telling such heartfelt stories about her brother Rob and family, making us laugh with tears and she was one in a million, we will miss her dearly. We love you aunt Annie May.

We have so many wonderful memories of Ann. I liked her spirit because it matched mine. I remember the year Doug brought her a heffer and she told him, "she had enough of cows and to take it back!" I served with Ann in many jobs in the church. If we were doing a dinner or another function, and cost more she would say, don't worry. We love you Ann and are sorry we weren't able to see each other more often. Linda Trekell
