My heart is with you my dear friend! Watch for my flowers I have sent you for the viewing and funeral. I am so sorry you have lost the love of your life, and your son so close together! How tragic! At least we know where they are!!

Connie: I can't get a card to you in time so I'll use this media to tell you how I am thinking of you. I know you were somewhat prepared but it doesn't make it easier. Take care. Love, Jane
