May 15, 1925 ~ February 7, 2024

Dear Ted, Brooke and Leslie, Growing up as cousins I loved your mother. She was always so classy and beautiful. I enjoyed very much when your dad came to Nephi hunting with my dad. It was great times, especially thanksgiving. We're so sorry for your loss Love Greg and Rolayne

Grandma Joan will be deeply missed. When she says she reinvented herself to become more self-reliant, she skips over her trips around the world. She saw the great barrier reef and curled up in bookstores in Europe, and still took time between adventures to make the best darn cinnamon rolls I have ever had. No matter her era, her radical kindness always shone through. May her legacy and her stories live on through each of us.
