I'm very sorry for your loss. your mother was very sweet to me when I was growing up. She was my cub scout leader, and for some reason that I never found out she kicked me out of cub scouts. but I'm sure I deserved it ,I was a little but head back then to say the least. I always had fun at the Nelson's Wally was my best man at my wedding and areal good friend.

God bless you Arlene. The love your family shared for you and each other was so evident at the service. I have so many fond memories of family gatherings. You and Virgil were always a constant. My Best to all who loved her and will surely miss her.
