

Harold Fazekas Wilkinson

June 4, 1930 ~ September 16, 2022

Harold truly had a love of kids and left a mark on the many he met. I had several encounters with him in his position as a crossing guard and will always remember his smile and jokes every time I saw him.

We so enjoyed reading Uncle Harold’s obituary. Talk about making us laugh and cry! Uncle Harold was the kind of man I wish more people aspired to. He is missed and loved.

What a beautiful tribute to an amazing man! We loved Harold so much. His huge heart served so many. I hope he can rest for a short time before his next calling. I know he's needed there. May your sweet family be comforted. Love you all. John and Kathy Tanner ♥

Dear Marilyn & Family, Debbie and I send our condolences and sympathy. We have warm and tender memories of you and Harold and your family. Even though our paths haven't crossed as often as they used to, we still treasure the kindness and love you have shared with us and with many others. We remember well receiving from Harold an occasional hand shake with a Life Saver in the middle of it. With love, Jerry and Debbie Black
