

Arthur Thompson

Feb. 27, 1935 ~ Sept. 9, 2021

My love and condolences go out to you Dawn and Family. Our families will be eternally connected through our connection with many shared nieces, and nephews. I have always felt that we were almost one family anyway with Yolanthi married to Howard's uncle and Norman Married to Howard's sister. My love and prayers and tears are with you all along with our joy at his reunion with the rest of his loved ones on the other side of the veil.

Dear Dawn and family we rejoice that Art ran his mortal race and is now being greeted by loved ones beyond the reef and is in safe harbor. We have fond memories from his BYU Provo days. Geoffrey served with him in the Jordan River Temple. We send out Āroha. Geoffrey and Dolly (Wihongi) Baker.

It's with a heavy heart that Josh and I send our condolences to you all. Art was a great patriarch of the Thompson clan, and no doubt he will missed. But all the wonderful memories will live on. Love, Jason and Joshua Rosen

Oh How our family lived and admired the Thompson family. Our youngest son, Kyle, loved to hear Art share his testimony. He would say he felt like a General Authority was speaking. There is no doubt there was a happy reunion in Heaven when he arrived. Love and prayers go out to Dawn and family at this time.
