Spence was an incredible husband, father, and friend. We loved Him. He was always so thoughtful, caring and giving. Love, Sue and Wayne

Spencer was a great influence on me and the other young men of the East Stratford Ward. He, Barry Richards, Brent Campbell and Tom Walster left lasting impressions on us. They taught us in Aaronic Priesthood Quorum and/or Sunday School. I will always hold their names and reputations in the highest regard and be grateful for their association.

We send our love and condolences to you Barb and to your children at this tender time. We are so sorry to say that our schedule does not allow us to be at his services today but we will be listening, for sure. We remember Spence as having very kind, caring, happy attributes. I was just remembering back and looking up a few important names to me and found Spencer. In 1975 I was a young Marine in Saudi Arabia, Spencer was key to teaching me the gospel leading to my conversion and baptism there. I will always remember his name and hold him in high regard.
