

Ila Jean Macdonald Kofford

November 10, 1932 ~ August 25, 2021

Dear President Kofford, may I join your family and numerous friends in expressing my condolences in Ida's passing. I treasured, along with Hank, our association in Hong Kong. She was the epitome of class, grace, support, and faith in and devotion to the gospel of Jesus Christ. May the sweet peace of the Comforter be your abiding blessing. With much admiration and appreciation, Daryl Hoole

To Cree, I was saddened to note the passing of Ila Jean. Yet her passing brings to me fond memories of the good old days at Lincoln--especially public speaking and forensics, in which Lincoln was State Champion. It was in that activity that we became friends even though our paths did not cross too often, I consider both of you my good friends. My wife (Karla) and I pray that the Holy Spirit will bring comfort to you and your family. With warm regards. Gene Gammon .

So sorry for your loss Kim. Your mom was such a kind beautiful lady❤■

Dear Kofford family, I am holding space for you in your grief and distress, words can not do justice to the feelings that I know you're feeling, an " I'm sorry for your loss" doesn't seem like enough to express the abundant loss of the love and physical presence of such a regal, elite, proper and elegant woman that Ila is. Sending much love and healing light ■■■■■

Dear Kofford Family, I am a distant cousin, my father Graham Duncan MacDonald III being Ila's first cousin, and pay my condolences to her family. What a grand tribute you have given her. My father admired her greatly. Be of good cheer, you are loved.

What a wonderful woman and great example to everyone. I have great memories of her smiling face. She always had time to say hi. Even when I was a teenager, she was always friendly and kind. Love her and her wonderful family.
