

Avonell Sorenson Rappleye

June 1, 1921 ~ November 2, 2021

Although I never met your mother in person, I did hear many stories about her through my good friend Betty Ann. She was loved by her family immensely and I know first hand how difficult it is to lose a parent, no matter how old we get. My prayers and love go out to all those that loved her. What a glorious reunion she is having with her family/friends that have gone before her.

My heart goes out to this beautiful family. Kathy Sue you are my angel. You are an amazing example of pure love and charity. Your friendship goes beyond any mortal life and experience. My time with you will be forever cherished. You are in my heart always. I love you all!

So sorry to hear about your mom, she was such a sweet lady.

Aunt Avonell was such an incredible woman. I am sad that she is gone, but also happy for her reunion with Uncle Foster. Both of them were so fun to visit! She was so smart and talented.

Oh how I loved Avonell! She hired me as a part-time secretary for the BYU Department of Evening Classes when she was the registrar there and I was a freshman. I worked there for nearly 7 years—1974-1982. That job was literally an answer to prayer and financed my education. Avonell was more than a boss—she was a mentor and friend to me and all the other young students who worked there. What a legacy she has left behind! ■ Laura Hickman Dupaix
