

Jacqueline Jorgensen

February 13, 1938 ~ February 3, 2023

Jackie Jorgensen was a wonderful person – loving wife and mother, caring and welcoming to all, the ‘go to’ person if one needed help or advise, smart, good looking, fun, enjoyable to be with, and a great hostess and cook. She and her late husband John were dear and close friends with my late wife, Marcia, and me. I miss them all. David Zacheis

Jackie is a one of a kind lady! I have long admired many things about her. One of my first memories of Jackie was years ago at young women’s girls camp I was attending where she and two other leaders did a lip sync at an evening campfire to “Itsy Bitsy Teenie Weenie Yellow Polka Dot Bikini” (in costume■). She had a great sense of humor, was easy going, but also a GET IT DONE type of person! I loved serving as her counselor in the Young Women’s organization at church. I remember her opening her house to all sorts of activities, even a sleep over. She was wonderful at organizing, but also able to say “whatever” if things weren’t perfect. At church, Jackie was our daughter Laurens nursery leader for a short time, then both of our daughters activity day leader, and she and John were our son Williams cub scout leaders. She has been an influence for good to our entire family. Because of the special friendship she had with my mother-in-law, Jackie really feels like part of our family. We have shared holidays together and she once stayed with us for a couple of days when visiting Moberly. My last conversation with Jackie kind of sums up the type of person she is. A little before Christmas she called to tell me I needed to do her a favor. The relief society of her ward had been given the challenge of saving extra change throughout the year in a “Christmas” jar to then be given to someone at Christmas time. She had a specific person from Moberly in mind and wanted us to anonymously deliver it. I agreed, so she mailed me the jar, but had separated money from the jar for mailing. I opened the box and tried to put the money back in the jar, but there was SO MUCH that it took me several tries of arranging the coins and bills to get it to fit back in the jar. This is Jackie, a person whose love overflows! I will miss her good heart, practicality, and wisdom. My heartfelt condolences to all of her family! -Alison O’Loughlin

Greg, Brad, Scott, Matt and Jennifer, just learned of your mother’s passing. Jackie was an amazing woman who filled so many roles, we all benefited from her many talents and skills! Such a pleasure to have known her, your father, and all of you - you enriched our lives! Wishing you all the best! JR
