Barbara was the best of the best, a friend to all. Gracious, empathetic, positive and kind. Her influence for good was, and is, immeasurable. She and Frank were a gift to Utah.

We were so sad to learn of Barbara's passing. We were in New York at the time or we would have been at her funeral. Barbara was always such a delight whenever we saw her. She was always so full of good wishes and always had a spark in her eye. She will be missed. We saw her at Frank's funeral but, of course, she didn't recognize us. I thought at the time that she would need to be with Frank. How could she not? You had two wonderful parents that we thought the world of. God bless you all. Deborah and Dennis Haslam
