You know how much I loved your Mom and Dad. We went on many fun trips and laughed till we cried. Sadly I wasn't there at the very end, but she was in my thoughts every hour. I love you Courtney, Stacey and Shayne and your beautiful families. You all are an example of the love they had for you. They both are deeply missed. Love you all.

Lloyd Paxman and I were blessed to provide the sacrament for Steve and Barb. We considered one of our greatest blessing of knowing these wonderful people! Lloyd was killed on his motorcycle a couple of years ago, and Steve and Barb, no doubt, will again bless Lloyd with their association!

Dear Shayne, Stacey, Court and Family, Sending my love and prayers for all of you. I'm sorry for the heartache you're experiencing. I know you'll miss her terribly. Your mom's beautiful smile and cute laugh will bring me happy memories of her. I have so many fond memories growing up with you all in my life, we sure had a lot of fun. Barb was always kind to me, always. You are all the forever light of her existence! I'm sure she'll do all she can to be by your side. Sending all my love and condolences.
