Vivian, Bill & family, I was happy to see that your son has graduated from this earthly life. I'm sure there are mixed feelings, but we know he is received into loving arms. May you be comforted in your loss. You have a big place in my heart for the loving help you have given to us. My son, Danny, is now 36. Time flies!

Dave and I have long admired Bill and Vivian. Think of how long you have been gone from Draper. You were wonderful parents to Jimmy. May the Lord's blessing of comfort be with you at this sacred time.

Vivian, I am sorry for your loss. God Bless you and your family. I am sorry I can not join you to celebrate you beloved James and his beautiful life. I would be there if I could. Much love, Vanya

Allsop Family, It was an honor to get to work with Jimmy. I hope the sound of his laugh never leaves my memory. The hours spent on a swing flipping his fingers on his leg with the unique chant/moan that could almost put you to sleep. Jimmy had a wonderful soul, thank you for sharing him with all the lives he touched. God's speed Jimmy, can't wait to meet you again.
