Beautiful, stunning, spirited, dear friend Janet. All the great memories we had, thank you, for your wit and love, you always showed.

I worked with Janet at Blue Cross for many years. I was a computer programmer and she worked marketing. Our areas were right next to each other. I used to talk to her all the time. I paint in watercolor and we often talked about art. She was a great lady as well as being very pretty. So sorry to hear about her passing. My sincerest condolences to her family. Great memories of her.

What could be more of a tribute to Janet ,and a life lived on her terms, than was given through the tender care of her by daughters, Marnie,Jenny ,Robyn and their families. May their sharing of family history and loving care bring tender memories in moments of sorrow. Wishing all of the family prayers at this difficult time.

I didn't expect to see Janet's OB I did see when Gerry passed away. I adored Janet and her fun personality all those years growing up in Cottonwood Heights. I'm so sorry for your loss. I am willing to bet she us happily reunited with your parents and her beloved husband. Patty too. Love and prayers for your family at this sorrowful time. Much love.

We purchased the Paris Idaho James Nye House from Janet, not just because we loved it fully, and admired Janet (and her Jerry, though we could not meet him,) but also because she chose for us to have it. I will never forget our one afternoon together. She took me everywhere as I marveled at her stories. We sat on her stairs with a few wobbly rails and talked of her husband and all the projects that would become ours. The first thing she tasked us with was to repair the outhouse! I looked forward to having her over this summer, but called one week too late. Now Brad and I are also brokenhearted and cannot imagine the breadth and depth of your grief, as we only knew her for one sunny afternoon, and we are crushed. We invite your family to call on us if you want or need to visit or talk about Janet and the beautiful home that we are now so fortunate to now for. -Allison and Brad Joseph
