

Jeffanie P. York

September 11, 1943 ~ May 13, 2025

My family will miss Jeffanie. Her and Gary and the boys were part of our extended family. We have so many memories to treasure. I’m happy for the reunion that she is having with Gary, her parents, Mary and so many others. She will always be in my heart.

- Tami Reese

The York family has been such a huge part of my dad's life. My dad and Gary were such good friends. Their bond through the navy brought so much joy to him. I think there were times when if Jaffanie had not reminded Gary he had other clients Buddy would have stayed for hours. Jaffanie's passing feels like the end of a truly great generation. Sending love to all of the family and thank you for all you have done for this family Barbie Hinds
