

Jeffery Burton Wensel

May 21, 1943 ~ September 2, 2024

I first met Jeff 40 years ago during his long tenure with Smiths Food and Drug. He was always an example of collaboration, hard work and partnership and handled it with class. He was devoted to his family, his faith, and friends and truly an outstanding example to all. He will be missed by many but never forgotten!

- Bryan Donaldson

Sincere condolences to all the Wensel family at this sad time, I am sure he received a very warm welcome from those of his loved ones on the other side of the veil. Sending love and prayers from Ireland

- Debbie Cole

So sorry to hear about the passing of your sweetheart . I remember him being so sweet and loving to his sweet wife Barbara. Always driving her where she needed to go,and taking care of her. God bless you Barbara and your family at this time.❤■■

- Floriene Moore

Sorry I could not attend Jeff's funeral due to the fact that I am in the hospital. Jeff was my first supervisor when I came over from Grand Central to join the Smiths team. I will ever be grateful for his friendship and kindness and caring for me and so many others who knew him. Just a great friend and one who I look forward to being with for the eternities. Sincerely, Gil White
