To Tamary and family, please know my thoughts and prayers are with you at this tender time. I hold fond memories of your mother getting to know her in the Salt Lake 33rd Ward. She was a kind, gentle woman with the warmest smile. May you feel the peace and comfort God offers so lovingly.

My sincere condolences in your loss, Sister Becky is now with our Heavenly Father.

Becky was one of the sweetest women I knew. How happy she must be beyond the veil to learn of the Paris Temple. She spoke often of her time in France. I know she will be using her talents wherever she is.

We are so sorry to hear about the passing of your mother. My mom grew up with your mother,they were best friends. In fact your mother gave them the nicknames March 10th and 11th . They went to school from, elementary thru High School. My Mother has one of the first drafts of her book in the old grey church binders sitting in a box in her bedroom she loved reading it. I think she has had it for almost 30 years. she was an amazing fun person. My mother is also suffering from dementia, as went by and they got separated they would always find each other. My mom still talks about her though her memory isn't that great anymore your mom was one thing she always talked about. I know that she is in peace now.

I was in many plays with Becky at City Rep, and I loved her creativity and dry sense of humor. She took me under her wing as a young actress, and I will always be grateful for her. I knew she had written songs for the Children's Songbook, and later, as a Primary Chorister in many wards, I enjoyed thinking of her as I taught her music.

I'm so sorry to read of Becky's passing. My love to all the family.

I just discovered this new today, when Becky-Lee popped into my head at random and I decided to do Google search. I haven't seen her for close to 20 years, but was in so many plays with her back at City Rep. My heat is absolutely broken, she was such a kind and caring woman. who brought a special light with her everywhere. I'm especially sad to hear of her struggles, as my own mother suffered through the nightmare of dementia, My hear goes out to Aaron, Nathan and Bethany. Love to you all.
