

Benjamin "Ben" Jay Hendry

Jan. 24, 1957 ~ June 2, 2024

I met Ben over a week ago at the Arthofit gym for the first and only time. He talked about his mother taking him to concerts when he was younger, music and life. He was definitely a memorable guy and my sympathies are for his family.

I'm very sorry for your loss. I know how difficult it is to lose someone you loved It is reassuring to know that he will not suffer any more in his mortal body, and that his spirit is in a better place. Keep your good memories with your father alive and know that he did his best in this life Have a peaceful day Dr Diaz
