

Benjamin Conrad Capel

April 8, 1998 ~ June 14, 2021

Dear Capel and Capel-Shute Family, Brittney, thank you for your wonderful sharing about your dear brother. Clearly he's someone so very special to you, and I do hope that you feel his hand holding your hand, until you meet again. To all of you, especially my Dear Friend Marilee, I pray for your peace at this time. We can never really know why God calls some of us home in ways and with timing we don't understand, and that hurt our hearts so much. I know that it helps to have faith that you will see each other again, and I know that nothing can take the place in your lives of your Dear Sweet Ben. I hope you find comfort in your loving memories and people who love you. Carla

I was so shocked to hear of Ben’s passing. He was such a sweet soul. I thought of him often after he left North New Summit. He was so intelligent and a joy to talk to I enjoyed our conversations. Please know the NNSS staff and students will always hold his memory dear. God bless you and guide you as you travel the journey before you

I didn't know Ben for very long, but each and every time he was in my prescence we laughed and laughed. I thought he was so funny and such a sweetheart! Even though Harley and I haven't seen you in a while, we wanted to say how truly missed you will be. Praying for your family, rest in peace Ben! Give Jesus a high five for me!
