

Benjamin Kent Pocock

March 20, 1940 ~ December 25, 2024

One of the coolest people I have ever known! We will all miss him. His energy, his fantastic sense of humor, and the hard work he always demonstrated and expected made me want to be more like him. There is a “whole” in my heart!!!

- Rina Lister

Ben was my first mentor when I transferred into liquid-solids separations testing and process development at Eimco around 1978. We traveled together to many customer plants and project start-ups until he moved into sales. Ben's inventiveness and methodology in testing laid the basis for my 45-year career at Eimco and assisting our customers. Everywhere I went globally while at Eimco, I met engineers who knew Ben; he definitely was known and respected worldwide. God Bless You Ben

- Frank Baczek

So very sorry for your loss. Ben was truly a great guy and a great personality. Kent and Pat Kirberg

- Kent and Pat

A super great guy and friend. Many great RV trips and campouts and numerous cruises where he was always a spark of comedy and was a wealth of information no matter what the topic in a conversation. He will be sorely missed by his family and all of us who knew him. Rest in peace dear friend.

- Kent and Pat

I can only imagine what a void Ben’s passing has left in your lives. He lived simply and yet seemed larger than life. He loved his family above all else and was the kindest most outgoing person I’ve ever met. I am fortunate to have met Ben and get a small insight to this kind, honest, and as Ben would say “member of the human race”. Rest my

freind, you’ve run your race and live forever in our hearts….

- Shirley

So sorry and I know everyone in the family will miss him. He always had fun stories of you all. Big hugs to all of you. Would’ve been there to celebrate him had I known.

- Diane Martin
