My deepest heart felt Condolences, I met Ben at work and right away developed a bond that was special. Ben always was willing to give me a hug and I appreciated that. Ben impressed me in so many ways he always question everything and viewed the world in a different way. Ben's intelligence was far above his education, so when he talked we listened. I loved Ben and am sad he is gone. I know he is in heaven and free of earthly pain. I will miss you Ben God Bless.

Sharing our Catholic faith and service with Mark and Lisa has been a beautiful experience. From the Knights of Columbus to singing with Lisa strumming the guitar... there are years of memories here. Levi (our son) and Ben played football "against" each other. We had so much fun at the games and always respected both those boys commitment and athleticism. We are very proud of Ben, his lovely wife and beautiful son and the life he made on this big blue ball. "May you find peace in this time of sorrow. May Christ, the Resurrection and the Life, send comfort to your hearts." Keith and Carolyn Koskan
