December 5, 1939 ~ December 26, 2022

John and Family, I am so sorry for the passing of your father. My thoughts are with those you love and loved him. Your friend, Annie

- Annie Thompson Reeves

Sending condollence to the family of John Romney. We lived many years across the street and our children where friends and our families were neighbors for many years. It was our privilege to share our neighborhood with the Romneys and we love their children. Thinking of your family at this time and sending our love to you. John was such a good man and we love his wife and children. May the peace of the Lord be with you at this time. Darlene Whitney-Morgan and family, Tyler, Adrienne, Annmarie, Brigham and Sarah

I was so happy to be able to view the funeral on zoom since I live in Missouri. Uncle John was a hoot. I remember when he was a bus driver and one time he drove a bus to our house. We all got on and went for a ride. I also appreciated his mission stories and was grateful to follow in his footsteps and serve in England also. Although I haven't been around him in many years I will always remember the fun times we had. He will be greatly missed.

Nobody ever had a better friend than John Romney

I was so sad to read of the passing of another friend. I worked with John all the years that the Huntsman Senior Games held the Cycle time trials and races in Enterprise, our community appreciated his efforts on our behalf and I enjoyed knowing and working with him. I am sure your family knows how much we respected, enjoyed and learned

from him. I am grateful that we know that his absence is only for a while. My prayers for your peace are with you.

My dear best friend since early childhood, I am so saddened by your passing from mortality. So many fond memories from trips to Fish Lake, street football on Yale Avenue, walking to the U of U football games, baseball games at Derks Field, The greatest gift you and Chere gave me was introducing me to my soulmate and eternal companion, Joan. You have fought courageously through many challenges the past several years with your sweet companion, children and grandchildren by your side God bless you dear friend. I will miss you so much.
