

Beth Jones Pugmire

February 14, 1932 ~ October 4, 2022

Beth is the most beautiful lady with a heart of kindness. Beth and Lavar along with their children gave us laughing, fun, and great memories. You'll always be in our hearts and memories; all of you, Beth, LaVar, Sterling, Susie and Patty. With Sadness, Sonny and Balinda

- Sonny and Balinda Earl

I started working at Draper Bank in 1967 and was there when the bank was acquired by Zions around 2000. Beth was the first smile people saw when they came in the front doors. Customers loved her. She was amazing at her job. As employees, we were more like a family. Beth was always fun and great to be around. Seeing her obituary today brought back a flood of good memories which spanned many years. This life was better for having had her among us!!

Patti, I am so sorry to learn of Beth's passing because I will miss my beautiful neighbor so much. Yet I am happy she is with Lavar again. You are such a special daughter and have been there for your Mom. Your actions speak love more than any words ever could. May you find peace in remembering your mother's beautiful smile and cheerful laugh.

Love you, Patti. I am sad to lose my dear friends and neighbors. I take great comfort in knowing that your mother and father are together again.
