

Beth Olsen Dunham

July 4, 1931 ~ September 25, 2023

Always felt tremendous love and caring from an elect Lady. Always. Never had a visit without smiles and laughter. The cookies and milk didn't hurt either. The legacy continues. With great love and appreciation. Mark and Mel

Dear family, I enjoyed hearing all the wonderful memories that you shared of your mother. She always lit up a room when she entered. You could count on her to be the life of the party just from hearing her laugh that was so infectious. I especially remember the night she opened her home to us when my mother was in the hospital near her home. Always willing to ease someone else’s burden she showed us such warmth and support. She has been the Lord’s hands as she served us all and has left such a beautiful legacy to carry on his work.here on earth. May your memories of her and her acts of kindness give you comfort and peace in the days ahead. Love, Annette and Family

Sending all my love to the Dunham family. It's been so long since I've seen most of you, but my heart is with you all today from Florida. I loved Aunt Beth, and I loved what a friend she was with my mother. Last time I visited with her, she just reminded me so much of my mom that it took me by surprise and I had to really take a few deep breaths and just be present for our visit. She didn't really connect the dots of why I was there and who I was, but it was

meaningful to me and I'm glad I had the chance to connect. December will be 10 years since my moms passing and there are times it's still a little lonely without her. But I know she is always in my heart, my memories and I feel peace knowing she is now with her loved sister again. I'm sure they are sharing some giggles. They were special souls, special sisters and lived their life with love for all, especially their family. BTW, I'm in Florida, if you are ever in my neighborhood, I'd love to connect. Chris has my contact info! Love to all, Peace to All, Comfort to All....
