So sorry to hear about your loss. I worked with Jolene at L3 for awhile. It was great to get to know her a little and was very sad when we heard she was sick. She was definitely one of the great ones.

Oh Guy, I don’t know where to start. Jolene and I had so much fun together, working together and going dancing. She will forever be missed. Tony and I had so much fun with you and Jolene, my dad even had a great time when we took him to come see you guys. If you ever need anything, please don’t hesitate to ask! Please keep in touch with us, our door is always open to you. Love you both so very much. ❤■■■■

We met Jolene and Guy at the infusion center. Jolene and I were going through treatment on Thursdays together. Guy was always by Jolene's side. The four of us had nothing but time to get to know each other. She and I exchanged cell phone number's and she texted me a picture of Hudson when he arrived and the Elk she waited years to get. She loved her family and was ticked to get baby Hudson here. She wished they lived closer to see him more. We went through rough times together. I call Jolene my chemo buddy. Everyone needs a buddy. May there be comfort in knowing that someone so special will never be forgotten.

The joy of having you be a part of my life since I was just 5 years old, my big protector, a sister who I could always talk to whenever I was feeling down or discouraged leaves a very big hole in my life. I loved to make you laugh at my dumb jokes. You will forever be in my heart.

- Cousin (brother) John

Missing you ■. I know you are in a better place. Until we meet again. I love ■ you sister.

- Janeal Branch

I am so saddened for your loss, I know she was such a precious part of your beautiful, loving family. She had such a light within her that glowed so brightly every time I saw her. Her presence and example will not be forgotten by any that knew her. My thoughts and prayers are with all of you. Sending love..

Guy, condolences and the sorrow of loosing a soul mate is a painful life experience. We spoke once Jolene, yourself and I on the phone when Jolene was recovering from one of her challenges in 2018 maybe 2019, she was upbeat and I know she deeply appreciated your loving support. Jolene is a respected co-worker and contributor to the success of our professional endeavors and career, always with positive attitude and regardless of health challenges. We had camping, exploring, rock hounding, wheeling and many other adventures you shared together with family and friends in common. Remembering all those life experiences will give you and your family strength in coming days, week and years. My deepest sympathy and regards,

- Jim Kros

Buck, Wendell and I are very sorry for you loss.
