My Dearest Emily My heart is broken for you and your family during this time of loss and sorrow. I know your son is in a place of peace and although he isn't physically here he is very much still with you. He knows of your love for him and he is always going to be with you just differently than before I cannot tell you anything to make this easier for you and your family. I do know your a part of my family as crazy a bunch as we all are we love you fiercly and forever. You are not alone . You mean so very much to us all and we will stand beside you behind you and in front of you. Joey knew of your love for him that I am certain. The bond you shared was yours alone and nothing can ever touch that hang onto it it will get you through and I know he will be waiting first in line to meet you when the time is right. I know you will be with him again till then remember your loved so much.

If you need anything do not hesitate to ask. I am here for you and your sister. Just remember you will be with him again. I believe with all my heart Dustin is waiting for us. God bless

So sorry to hear of your loss. Rachael just let us know as we are out of town. After loosing Jake a year ago, we understand the overwhelming shock and grief you are feeling. Please reach out for anything you need from a hug and a shoulder to cry on or understanding from someone who has recently been in your shoes. I know that Joey is near and wants you to know how much you are loved by him and our savior. I am just a call away. My number is 1 (801) 319-9302. Please don't hesitate to call. I know from experience that it is hard to call but please do. If there is anything I can do I would be so glad to be there for you. Especially when you feel all alone and that no one understands, because I do. Love to you and your family. Jane Fawcett

Hawkins Family~ I'm so sorry that you guys have to go to through this difficult time. I loved Joey's sweet nature, his zest for life, his tender heart and best of all his SMILE. He had the best smile ever!! I will miss seeing that kid grow up and seeing your social media updates with him included. I still remember the time he bought Holly the salt lamp and how excited and proud he was telling me the story. With Heavenly Father's plan, you can be together again. Even though you can not see him, he still lives. The sun has set for now and remember that some day in the future you will have the the most amazing & joyous reunion. P.S. I know Joey was at the vigil flying around being mischievous blowing out everyone's candles. :) Love Ya Hawkins Family!! Edith Rodriguez

I'm sorry. I loved him so much. I miss my Joey. I miss your Joey. I know this is two years later, but I can't handle the grief and I need to say I'm sorry for this cuz I can't in person. Thankyou for bringing your boy on this earth. I loved him as he loved me. I miss his hugs, I miss his voice, I miss his jokes, I miss when he would talk about taking me to dinner. I miss how he always talked about you guys and how he wanted me to meet you guys. I love you guys so much. And I'm so sorry. I love my Joey. I still don't know what to do without him but I hope your family is healing
