August 21, 1946 ~ May 26, 2023

Judy was a delight. She is my son, Jon's mother in law. She was lovely to chat with. She was a wonderful mother and grandmother. When Jon and Angie had triplets, Judy was there to help continuously.. My deepest condolences to this amazing family. She will truly be missed and her love will always be felt❤■■■

Aunt Judy really was sunshine and open arms. Even though we only saw each other once or twice a year because of distance, she's always felt like part of home. I've always had a special bond and love for my Grandma Bentley and of all her daughters Judy reminds me of the happy childhood memories I have with her mother.. Reading her obituary was incredibly touching. I'm grateful to have been shaped by her love. Thank you for the ability to take part in this celebration of life virtually from Kansas City.

When you hear the phrase "I feel like I've lost my best friend" that describes how I feel today. Thank you Ken and Judy for the years of friendship. Thank you for all the kindnesses you have shown us throughout the few years since we moved to Eagle Way. Thank you for the ice cream get togethers, the trip to Island Park, the thoughtful birthdays, the Rose of Sharon bush, and so much more. Mostly thank you for the daily walks, the talks, the gospel discussions and the ideas for service. I will never forget. Love you like a sister, Judy. . We will meet up again soon

to continue our walks. ♥■
