Loved getting to know Judy when she lived in Pleasant Grove. She taught Sunday school in which my son attended. He and the other boys in their class would often visit with “Sister Hill” . They loved jet. I loved her laugh, sweet spirit and her beautiful smile■ my condolences to her family. I know you all have wonderful memories with her that will continue to put a smile in your heart. May you feel the comfort of our savior this time■

I truly am sorry to hear of Judy’s passing. She was a good friend. I have lots of fond memories of her and Karen Campbell and myself going to lunch together. When I first moved into the Pleasant Grove ward, she was the first person that came up to me and introduced herself to me. She was/is a truly beautiful lady! Kim, I truly am sorry!!

Judy was a wonderful friend!! I served at the temple with her and so loved her. She had some difficult challenges in her life but always seemed positive and thankful for her blessings. I’m grateful to have known such a fine daughter of God💕■
