So sorry for your loss Dori. Its never easy losing your mom.

- Adriane (Neilson) Warr

She was a great neighbor. I think k of her and smile every time I pass her place on Perrine…which is daily.

Bev was my cousin. My mother and her mother were sisters. I remember her playing the accordion,I was a flower girl in her wedding which was in my family's backyard. She was a beautiful bride.I watched her family get larger and her children grow up. She was a wonderful mother. She loved her children and her grandchildren so much. She was so sweet and kind. We would see each other at least once a year for many years. We would share stories and laugh and enjoy family. I spoke to her about a month ago and she shared how much she liked where she was living and she was near her son and family'. She seemed very happy- We will all miss her smile and sweetness. I know she is with her loved ones now and will be happy there. I a sure the memories she has left her loved ones will bring much comfort thru the years. Vicki Brakey Hansen
