We love you guys so much. Kaylynn was such an absolute joy to be around. We are absolutely devastated. She was too perfect for this world.

I’m so very sorry for your loss. I lost my son to suicide 9/27/22 . I was struggling to write the obituary and I clicked on your little girls for guidance. My heart just hurts for your family and I hope you can find peace . I don’t know you but I feel like I do from sharing a sad experience of losing a child . Much love!
