Beverly June Crawford

August 6, 1934 ~ September 26, 2023

I just adored Beverly. She was my neighbor at Cedarwood. She was so insightful. Her prayers at Church were well thought out and beautifully phrased. She is known as the Sweetheart of Cedarwood. I will miss her terribly.

- Marilyn McKay

Bev served for two years as my counselor in the Relief Society presidency in Sandy. She was called by inspiration and I hadn't ever met her, so when I went over to the house, her mother opened the door and told me that I needed to meet her daughter. She was so devoted, and so inspired to the needs of the sisters. When we were having a presidency meeting, I showed her a 72 hour kit we had just developed. She told me that she had seen that kit before she joined the church in a dream, and found it to be another source of heavenly father's love and confirmation to her about the gospel of Jesus Christ. She was an absolutely wonderful friend and I will always think of her with Love and Fontes

Dear Family of Bevie How I loved her. She was a;ways so kind and sweet. I worked with her in the laundry at Jordan River temple. I missed her so much after she retired. We would get together often and get bagel sandwiches and just enjoy spending a few minutes together. I know she is happy being with her parents and brothers, and the rest of family and friends who greeted her on the other side. I will miss her. What a beautiful lady. I LOVE YOU BEVIE! Susie

- Susan Skinner

Rest in peace cousin Beverly.

- Diane Hansen

Thanks so much for the zoom service. Loved seeing you all Cousin Beverly was very special. Diane ■

When my Christmas card came back as undeliverable, I feared that my wonderful mentor had passed away. I student taught 4th grade at McKinley Elementary in Olympia, Washington under Beverly’s expert guidance in 1971, and we remained in contact via Christmas cards over all these years. Thank-you for sharing this beautiful tribute to such a giving, loving woman.
