I just learned of Karen’s passing and I am sorry I missed attending her funeral. Karen was a good friend from Monument Park and we spent lots of time together talking about our two boys , Richard and Scott. Karen was not only a very talented pianist but also a gentle and kind friend who always had such a warm smile. She made everyone feel welcomed to wherever she happened to be. I will always remember both she and Bishop McMaster and the kindnesses they showed me and my family. I know she will be missed greatly. May our Heavenly Father bless and comfort you during this difficult time.
