Our thoughts and prayers are with you always she had to be the sweetest lady ever born

- Chuck Jorgenson

Aunt Karen has a gentle kind soul. I do not think there was one time I had ever seen her without a smile on her face. After my mom passed away she kept in contact with me for a couple of years. The last time we spoke she told me she was ill, but she was more concerned about me and my family to talk to me about it. I will miss her. I am sad for her loss, but also happy for her too. She is now with my mom and others that loved her. Thank you for checking up on me one last time, and for letting me know that you were ok. That was pretty amazing. I love you.
